SUMMARY

I'm a motivated and passionate third-year Informatics Engineering student at UIN Syarif Hidayatullah Jakarta, with a strong foundation in programming and problem-solving. Dedicated to continuous learning and personal growth, I actively seek opportunities to apply my technical skills in real-world projects, with a focus on software development and data analysis. I am eager to contribute to innovative solutions and collaborate in dynamic environments that foster both technical expertise and social self-development.

Interests: Programming, Machine Learning, Technology & Innovation, Personal Development, Social Life Networking
